And the Art Basel sightings just keep on coming.

China's biggest actress, **Maggie Cheung**, known as that nation's Meryl Streep, arrived from Beijing on Wednesday night as a special guest of Audemars Piguet watches. Cheung visited the brand's booth at the Collectors' Lounge at the Convention Center. Other visitors: **Serena Williams, Nicole Richie** and PGA great **Sir Nick Faldo**. Cheung and Richie attended a private dinner Thursday night in a chalet installed at Miami Marine Stadium. Richie's guest: dad **Lionel**.

Ketel One Vodka debuted De Nolet, an installation of the brand's distillery in Holland at a party on Northwest 24th Street Thursday co-hosted by

photographer **Randall Slavin**, who unveiled never before seen images of **Zoe Saldana, Eva Longoria, Ben Stiller** and more. Eva arrived with bf **Antonio Baston** in a Ferrari. **Kevin Spacey** also swung by.

Dom Perignon celebrated the Limited Edition by Jeff Koons bottle Thursday night at Wall at W Hotel. Among those spotted partying were **Lenny Kravitz** and his daughter **Zoe, Paris and Nicky Hilton, Gerard Butler** and **A-Rod**.

Pamela Anderson celebrated artist **Raphael Mazzucco** Thursday at the Rose Bar at the Delano, where rapper **Theophilus London** jumped in the DJ booth for a set.

Lindsay Lohan was holed up Thursday in a Star Island manse, then emerged to attend pal **Domingo Zapata's** "The Art of Bullfighting" at Cipriani Downtown Miami.

In non-Basel sightings: **Eric Spoelstra** spent Monday night with friends at Rok Bgr in Pinecrest. Our eavesdropper tells us that "his buddies were bugging him because they did not have anything named after him." On the menu: the King James Burger, the Bosh Burger and the DWade Burger. Spoelstra had a salmon salad and the restaurant said they'd name that after him.
