### 2. ROK BRGR's Poutine

We do realize this is the second version of poutine to grace this list, but we love the Canadian delicacy almost as much as we love Seth Rogan, Mike Myers, Jim Carrey, and Cirque du Soleil, for that matter -- you get the point. Suck it, Canada Bashers! Although poutine can now be found across South Florida, this Fort Lauderdale spot was one of the first to the attention of a new generation of gastro-pub loving Florida foodies, and we're certainly glad it started the current Canada-loving trend.
